# **trend 5 times bigger than the internet with the help of a brand new and high quality video training!**

**Date:**

**From the desk of Your Name**

It's a fact that Video is the greatest way to learn and master anything, especially online tasks.

There is not an easier way to learn our latest Mobile Marketing techniques than with the help of our high quality & high definition set of 8 videos that we have prepared for you.

I want to give you the opportunity to master every "Going Mobile" technique taught in the Training Guide but with the power of Video.

These days, the success of your online or offline business depends not only on the quality of traffic to your website and the social recognition and interaction it may get in social networks, but also it largely depends on the Mobile Presence your business has, and that is a hard fact.

You could be claiming to have the best business, product or service. You could be even given the right social impression, but...

**...if you don't have a Mobile Website, you're already losing a great deal of customers who actually are looking for your business and services already!**

- ✓ Would you like to significantly expand your marketing reach?
- ✓ Do you really want to get the most out of Mobile Marketing and don't know when or how do it?
- ✓ Are you struggling to find a proven and trusted training system about Mobile Marketing, including the latest updates?

According to experts in the subject, it has been discovered that:

**...If you don't have a Mobile Strategy you can't connect with well over half of your audience!**

People check their mobile devices dozens of times a day, so it just makes good sense to get your business in on the non-stop action by going mobile

Do you realize how volcanically hot Mobile Marketing is getting at this exact moment?

- ✓ **The number of mobile devices almost exceeds the number of people on earth.**
  - ✓ One in four online searches is done on a mobile device
- ✓ **The average American spends 2 hours a day on his mobile device**
  - ✓ 40% of users that scan a QR code will buy the product
  - ✓ 68% of people use a mobile device to look up a store address
- ✓ **52% of mobile users check the prices of an item online they wish to buy**
  - ✓ 91% of Smart phone users keep their phone within arm's length
  - ✓ 70% of all mobile searches result in an action within an hour
  - ✓ 52% of mobile searchers call the Company they are researching
- ✓ **47% of mobile users are more likely to read reviews online for the product.**

## **We don't have a choice!**
