

Top Forums And Groups

Join, engage, establish your authority and gain traffic from the following top forums and communities:

Forums

Reddit

<https://www.reddit.com/r/Entrepreneur/>

Reddit is well known for having a 'hive-mentality' so it would be a good idea to watch and learn how others use reddit to try and drive traffic and sales before you insert your link. This reddit has limited information, so it would be great to compile a high quality article which you could put your link in. Maybe interview some entrepreneurs for it!

StartUP Nation

<http://www.startupnation.com/community/>

StartUP Nation is a well known start up community that has a broad range of experience levels. Most of the people who post here aren't experienced and thus are more likely to be looking for this sort of book to read.

Warrior Forum

<http://www.warriorforum.com/>

Warrior Forum is dominated by inexperienced people from Asian countries, so make sure to price accordingly and sell to their experience level. This is a great place to sell ebooks.

Young WEb Builder

<http://www.youngwebbuilder.com/forum/index.php>

This community is quite young so be sure you don't overprice your product. However, it's relatively active and might be a great place to drive traffic from.

Entrepreneurs Forum

www.entrepreneursforum.net

This forum is all about entrepreneurship and so they are the perfect target as they clearly want to be able to obtain the entrepreneurial mindset.

Communities

Entrepreneurs, Self-Employed & Small Business

<https://plus.google.com/communities/107047731077747818341>

This is a large community and relatively active for a G+ community. They are likely to be more experienced than some others.

Entrepreneurs and Startups

<https://plus.google.com/communities/104033636299524605316>

This community seems to be filled with newcomers, so it might be the perfect place for beginners to learn about how they can develop the correct mindset.

Social Media for Entrepreneurs

<https://plus.google.com/communities/106856646974862214585>

This community is about entrepreneurs can use social media, so this group of people seem to be more experienced. You should try and deliver high quality info to them before trying to sell.

"Dreaming With Entrepreneurs"

<https://plus.google.com/communities/107420515811230932123>

This community is actually quite active and not spammed like many, so because it's well moderated you need to be sure not to spam, but to only share high quality info.

CEO Entrepreneurs Small Business

<https://plus.google.com/communities/110126034024824831209>

This is a small community, but one that is relatively active. You should try and become an authority before you try and sell to them.
