## Hangouts

Have fun with all your circles  
using your live webcam.

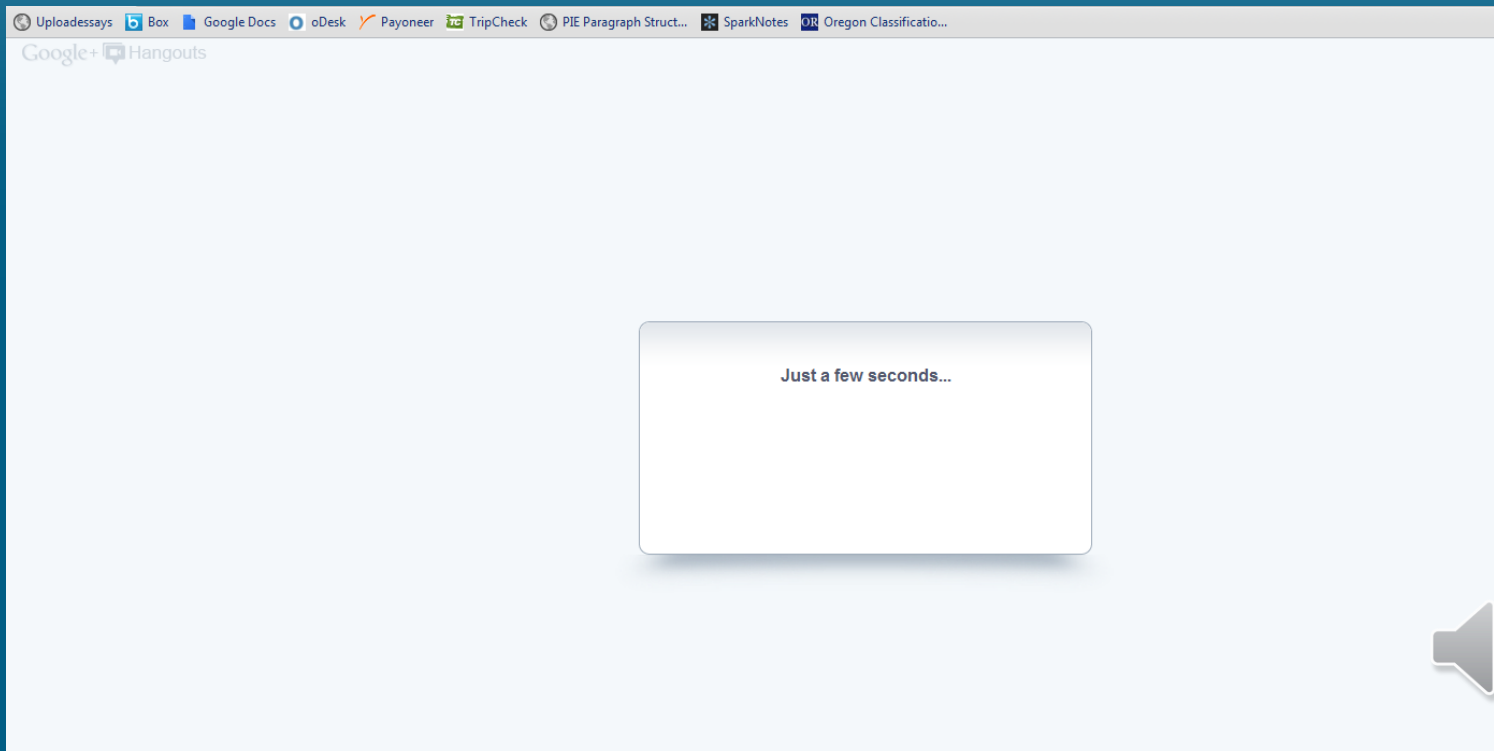

Start a hangout

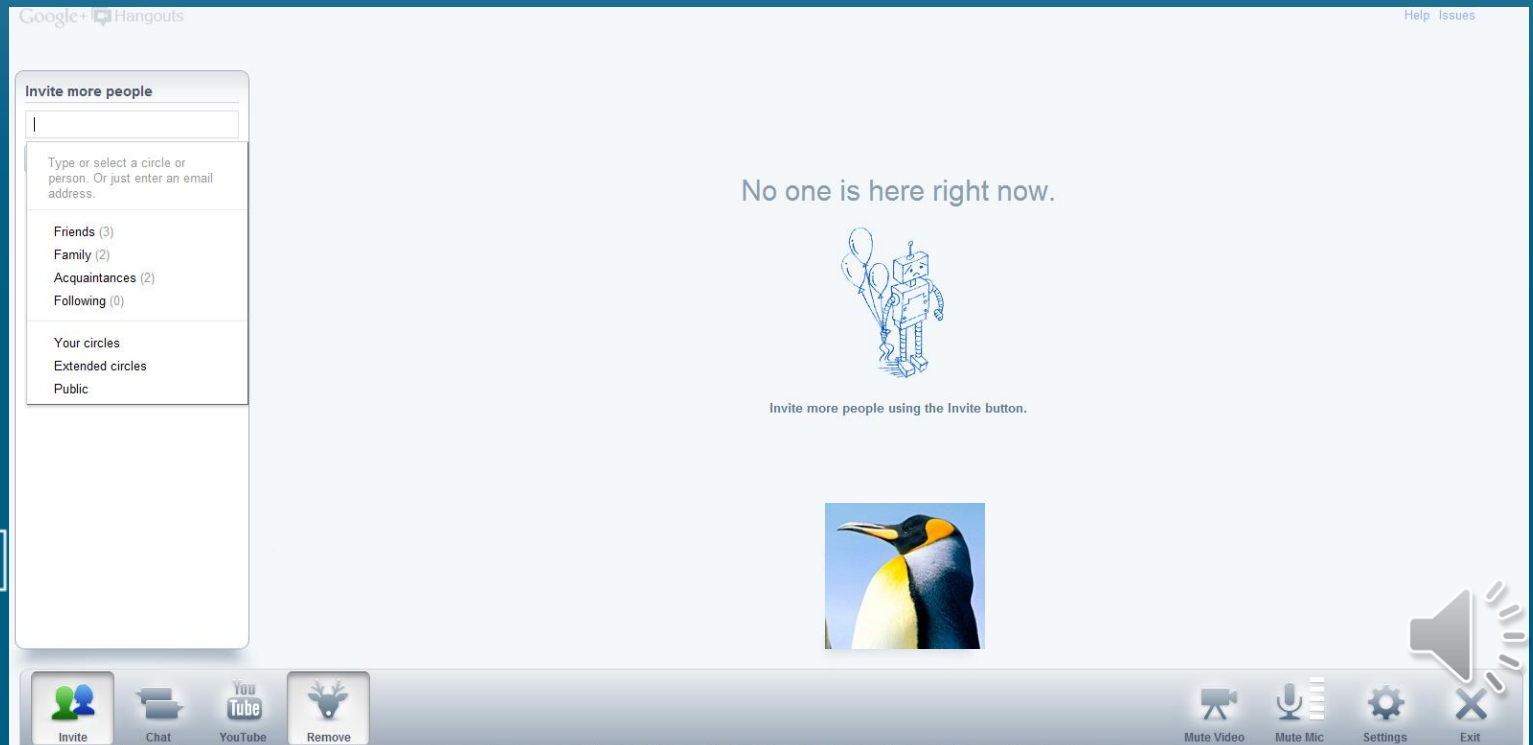

# Loading the Hangout module

- Once you select “Create a Hangout”, you will see the load screen.

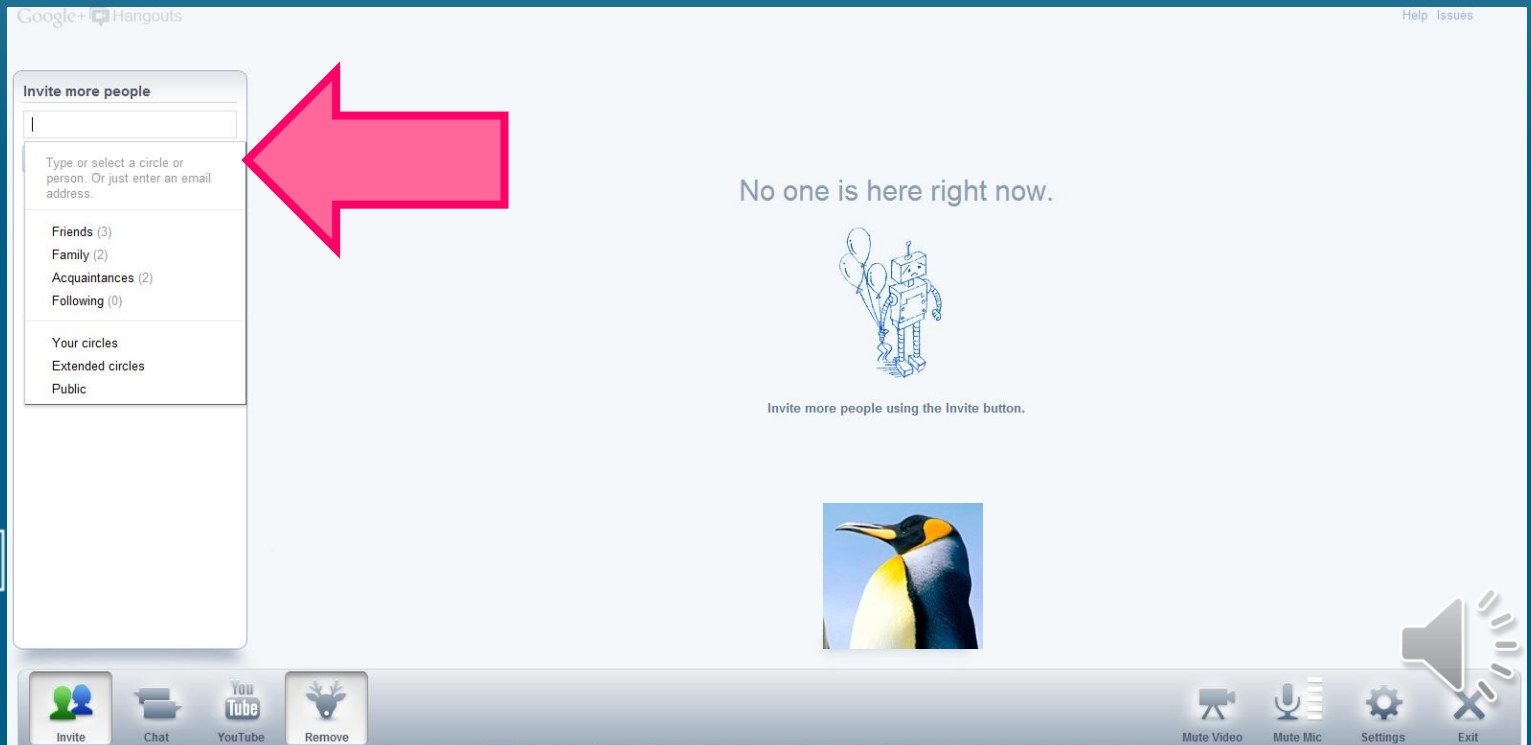

# Video Chatting

- Have live video chats right from Google + with your contacts.

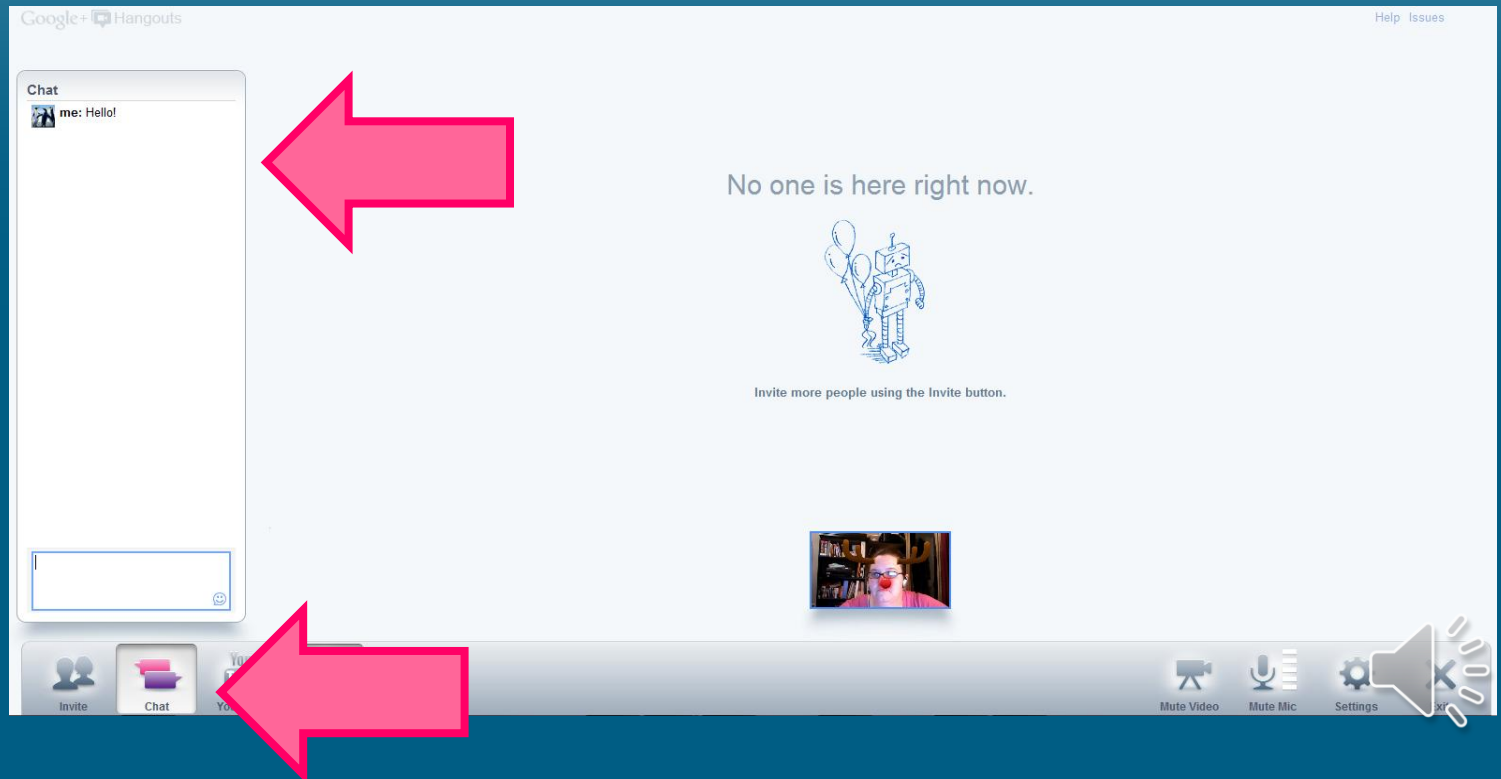

# Video Chatting

- Invite contacts or entire Circles to Hangout with you.

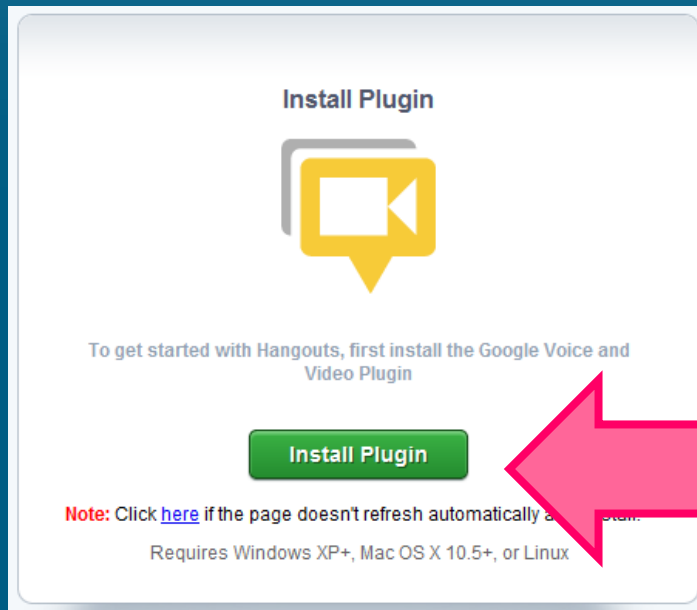

# Multiple Chatters at Once

- You can make your Hangout into a Chat Room also by clicking Chat.

## Installing the Plug-in

- If you get a message to install the Plug-in, simply click the green Install Plugin button to get started.

## Installing Google Voice

- Installing the Plugin should automatically install Google Voice as well.
